Annual review of expenses

Life funds

June 2026

The list below shows all insured life funds affected by the 2026 annual review of expenses update.

What are additional expenses?

These are the costs of running the underlying fund over the last year. They include things like:

- Legal fees
- Auditor fees
- Administration fees
- Other operational expenses¹

They're on top of the annual management charge (AMC). [Together, they form part of the 'Total Charge'² for pension and life funds](#). We have no control over most of these expenses.

Although we know the AMC in advance, we don't know what the day-to-day expenses will be as these change daily. They are taken from the funds daily and the unit price shows this along with any gains or losses made. This is what determines the value of your policy. So regardless of the charges we show on fund factsheets and fund lists, you're charged the correct amount.

¹ Operational expenses can include costs paid by us (Aegon) to third parties.

² This includes a standard 1% product charge, a fixed management fee and expenses that vary with the day-to-day costs of running the fund. Investors may pay a different product charge, in which case the Total Charge will be different.

Please note that the total we show in the tables below excludes any product or adviser charge.

How do we work out the fund charges we show (disclose)?

Every year we contact all external fund managers to ask them to provide details of the additional expenses for each fund over the previous year. We then compare these with the expenses we disclosed the previous year and then round to the nearest 0.01%.

Where do we show (disclose) the fund charges?

These are shown on our fund prices and performance pages, our fund factsheets and illustrations. These are the charges we disclose, which may differ slightly from the charges customers actually pay day-to-day as expenses fluctuate.

Key:

Mnemonic – Fund mnemonics are a three-letter code used by Aegon to identify its funds on internal systems.

Old total (underlying fund manager AMC plus additional expenses) – the underlying AMC plus additional expenses applied to the fund before the 2026 review of expenses. This excludes any product charge.

New total (underlying fund manager AMC plus additional expenses) – the underlying AMC plus additional expenses applied to the fund after the 2026 review of expenses. This excludes any product charge.

Difference – the difference after the 2026 review of expenses.

The value of an investment can fall as well as rise and is not guaranteed. You could get back less than you pay in.

You should speak to a financial adviser in the first instance if you need advice about your investments. There's likely to be a charge for this. If you don't have a financial adviser, you can find one in your area by visiting moneyhelper.org.uk/choosing-a-financial-adviser or find out more about advice services supported by Aegon by visiting aegon.co.uk/origen. Origen Financial Services Ltd is wholly owned by Aegon UK plc but operates independently to us.

If your personal circumstances mean you need any additional support or if you'd like a large print, Braille or audio version of this document, please call 03456 100 010 Monday - Friday 8.30am - 5.30pm. Call charges will vary. Or you can visit aegon.co.uk/additionalsupport
