

Investment options

Your retirement plan should be as individual as you are.

If you want more control over where your money is invested, take time to explore and understand your investment options. That way you can make choices more in line with who you are, your appetite to risk and where you are in your life and career.

For advice as to whether an investment fund is suitable for you, please speak to a financial adviser – there may be a charge for this.

Scan the QR code or log in to **retiready.co.uk** and explore your investment options.
