| <p>I can't seem to open or edit the forms on a mobile or tablet, why is this?</p> | <p>If you want to complete the forms on a mobile or tablet device you'll need to open the forms in a PDF reader application – there are a variety of free ones available to download from your app store.</p> |

| Question | Answer |
|---|---|
| <p>When do I need to send you the declaration by email?</p> | <p>We've updated most of the forms so they now include either a customer or adviser declaration in the PDF. This means, where there's an adviser declaration you can complete the form and email it to us as it is.</p> <p>But where there's a customer declaration, the client will need to complete the form. You can email the form to us but we must be able to clearly see your client's original email and the form must have their name in the signature box.</p> <p>However, we do still need you to email us the declaration for the following forms when they're downloaded as part of the online process:</p> <ul style="list-style-type: none"> • transfer authority forms; • re-registration authority forms; • direct debit instruction forms, and • death benefit nomination/expression of wish forms. |
| <p>Can anyone within my intermediary firm send the declaration in by email for a form that a client would normally sign?</p> | <p>We can accept an email from a paraplanner or firm administrator, but they must have the requisite authority to do so on behalf of the intermediary, and the intermediary's name needs to be in the signature box of the form.</p> |
| <p>What do I need to provide if my client has wet signed a form but I'm emailing it to you?</p> | <p>If the form has been completed by your client with a wet signature, you won't need to provide a declaration. But we do need the sender to confirm in the email that the signature on the document you attach is 'a true likeness of the original'.</p> |
| <p>Will you accept SIPP and ISA transfer forms and re-registration forms without my client's signature or with an e-signature using DocuSign, Xplan Adobe Sign, Signable or AlphaTrust (iPipeline)?</p> | <p>Yes we'll accept these forms, but the ceding scheme may ask for their wet signature. If they do, we'll contact you to let you know.</p> <p>Please be aware that these forms are generated as part of the online process and so your email needs to include the declaration.</p> |
| <p>What is the best way for me to contact your Customer Services?</p> | <p>All our employees are now providing support from home and are carrying out all requests. You can get in touch using the details on aegon.co.uk/support</p> |

| <p>I want to email a signed form rather than send in the post, but I don't have a scanner. Will you accept photos of the signed forms?</p> | <p>There are several apps available on iOS and android that act as a scanner. For example, Fast scanner, Evernote Scannable, CamScanner.</p> <p>We'll accept copies of forms scanned on an app. However, using an app isn't a secure method of communication and there's no guarantee that it will remain private during internet transmission. So, you should avoid sending us any personal or confidential information this way. If you decide to send information in this way, you are doing so at your own risk.</p> <p>Please don't email any personal, financial or banking information as it's not a secure method of communication. If you have a dedicated secure email service with Aegon, for example Unipass Maillock, please use this service.</p> |
| <p>What documents do you accept as bank verification if my client wants to withdraw money?</p> | <p>We'll try to validate all bank accounts electronically. But if we're unsuccessful, we'll ask your client to confirm if they're aware of the request and if the bank account is known to them.</p> <p>If we're still unsuccessful we can validate the bank evidence by:</p> <ul style="list-style-type: none"> • A clear facial photo of your client holding a current photo driving licence or passport open at the photo page. • A clear image of bank statement or bank card or cheque (must show sort code and account number), with a clear facial photo of themselves holding a current photo driving licence or passport open at the photo page. <p>Details shown on the documentary evidence must match the information we hold.</p> |

| <p>My client has passed away, how do I notify you?</p> | <p>We understand this may be a difficult time, but please let us know your client has passed away as soon as you can so we can make sure we can give you the information you need.</p> <p>Please provide us with the documents and information you're able to and we'll consider the best way forward.</p> <p>You can get in touch using the details on aegon.co.uk/support</p> |
| <p>Will you accept email or scanned copies of death claims and supporting documents?</p> | <p>Yes – but our requirements vary depending on the platform your client uses.</p> <p>To get started, we need a scanned copy of the settlement deeds and, where applicable, identity verification documents, bank account verification and grant of probate certified by you, a regulated solicitor or chartered accountant.</p> <p>In the current circumstances, please provide us with the documents and information you're able to by email and we'll consider the best way forward and can confirm other documents you may need to send us.</p> |
| <p>Defined benefit/safeguarded benefit transfers - my client can't electronically sign the transfer form or print and sign it. Is there another way they can complete it?</p> | <p>Yes. You can find information in our guides Sending forms to us by email – Aegon Platform or Sending forms to us by email – ARC/One Retirement</p> |
| <p>Previously I could send you an email instruction without a form for certain transactions such as amending my client's income. Will you now need a form and declaration instead?</p> | <p>We've not changed existing processes, so where you'd usually email an instruction and we'd accept it, please continue to do so.</p> |
| <p>I don't have regular contact with my client, so will you accept an email instruction directly from them instead?</p> | <p>Yes, your clients can also send us the same forms without a wet signature but they must sign the form by typing their name in the client signature box on the form.</p> |
| <p>Will I get an acknowledgement after sending a form to you by email?</p> | <p>No, unfortunately we can't support sending you an email acknowledgement at this time.</p> <p>To see the progress of the transaction, you can use the In progress/completed transfers report in Report Zone and/or the transaction history tools.</p> <p>We also have latest status updates available on your dashboard, which tells you the progress of a transaction.</p> |
| <p>You ask for a name on the declaration, do you want my client's name or the name of the person sending us the instruction on behalf of the client?</p> | <p>Please include the name of the person sending the instruction to us.</p> |

We still need to see the Trust Deed that established the trust, as well as any deeds which either changed the trust rules or changed the trustees.</p> <p>Corporate set up (supporting documents) We can accept scanned copies or photographs of all the deeds we usually need for corporate set up.</p> <p>Power of Attorney and Court of Protection We can accept scanned copies or photographs of the relevant documents for the following:</p> <ul style="list-style-type: none"> • General Power of Attorney • Lasting/Enduring/Continuing Power of Attorney - provided they visibly contain the relevant Office of the Guardian stamps/marks. • Court of Protection (or Scottish/Northern Irish equivalent) court documents to appoint a Deputy (Guardian in Scotland and Controller in Northern Ireland) – provided they visibly contain the relevant court stamps/marks. <p>Divorce (supporting documents, Divorce Decree) We can accept scanned copies or photographs of the court documents, provided they visibly contain the relevant court markings (as we would normally check for with a certified copy of the original).</p> <p>The person sending the email must confirm that the document attached is a true copy of the original.</p> |

So, you should avoid sending us any personal or confidential information this way. If you decide to send information in this way, you are doing so at your own risk.</p> |
