

The background features a stylized illustration of a road winding through a city and a forest. The road is grey with white dashed lines and a blue car icon. The city is represented by yellow buildings with white windows. The forest consists of green trees with brown trunks. The overall style is flat and modern.

Business Protection – more than just financial support

Helping you move forward

Business Protection can help keep your business going should you or a key employee become critically ill or die. But sometimes, financial security is only part of the solution.

As a Business Protection customer you have access to our health and wellbeing support service and our key person replacement service, provided by our partners Health Assured and Cazden.

You don't need to make a claim to use these services – you can access them both from the day your policy starts. All at no additional cost.

Supporting you and your business

As a business owner you understand the importance of protection cover, but have you considered how you would go about replacing key employees? What would happen if you were unable to return to work?

Cazden can provide you with help and support should you need to replace key people within your business – either temporarily or on a permanent basis. They can also provide advice and guidance on all aspects of employment law.

What do you get?

Speak to Cazden's business consultants over the phone in confidence, Monday - Friday 9am to 5pm (excluding public holidays). They can:

- provide help and guidance on how to find replacement 'key' personnel – whether temporary or permanent including:
 - providing CVs of potential candidates;
 - providing advice and support when looking for a permanent replacement, and
 - support in writing job specifications, adverts and recruitment agency briefs.

They can also provide advice, guidance and support on all aspects of employment law via their employment helpline.

Using the service

Call 01688 30 26 64 to speak to Cazden's business consultants or you can email them at aegon@cazden.com
