7. **Declaration**

In this declaration, ‘I’ means the applicant named in the ‘About me’ section and ‘you’ means Aegon.

7.1 I confirm this supplementary application relates to ‘the Scheme’ to which the plan in the ‘About me’ section relates.

7.2 I agree I’ll pay the amount of contributions specified in the arrangements or, with my knowledge, someone else will pay them on my behalf. I confirm that if I’m employed:
   a my employer will pay the amount of employer contributions set out in this application, and
   b where my contributions are to be taken straight from my salary, I authorise my employer to do this.

7.3 I agree as follows:
   a any contribution to the plan will be allocated to investment funds in line with my instructions to you (which includes any set out in the ‘Investment choice’ section of this form);
   b I’m aware you have an investment fund allocation procedure, and this procedure may be changed from time to time;
   c that my plan is amended to include the procedure; and
   d whenever a contribution is given to you to apply under the plan, and you don’t have clear and complete instructions from me about which investment funds that contribution is to be applied to, then you’ll apply the contribution to the investment funds chosen in line with your investment fund allocation procedure.

7.4 I consent to the Scheme administrator or their representative obtaining from me or any other person or body to whom an authorised payment under the conditions of the Scheme(s) is to be made, any evidence and information they need for the purpose.

7.5 I note that if there’s any failure to provide any information that the Scheme administrator needs to administer my benefits accurately, the Scheme administrator has the right to make further changes.

7.6 I declare that the total contributions in a tax year, to any and all registered pension schemes to which I’m entitled to tax relief under Section 188 of the Finance Act 2004, won’t be more than the basic amount or my relevant UK earnings in that tax year, whichever is higher.

7.7 I declare that the information given in clause 7.6 of this declaration and consent is, to the best of my knowledge and belief, correct and complete.

7.8 I declare that the information given in this form, whether in handwriting or not, is, to the best of my knowledge, correct and complete.

7.9 I undertake to inform the Scheme administrator if an event occurs that means I’m no longer entitled to tax relief on my contributions under Section 188 of the Finance Act 2004. I’ll inform the Scheme administrator about this by 5 April in the tax year in which the event occurs or 30 days after the event occurs, whichever is later.

7.10 I agree that this form and every answer or statement (if any) made, or to be made, by me to you or to a medical officer acting for you (in conjunction with the information given in this form) shall alter the basis of the contracts between me and you consisting in arrangements under the Scheme.
7. **Declaration – continued**

7.11 I agree that you or your representatives may approach the Scheme administrators or the providers of any other registered pension scheme that I’m contributing to or have contributed to in the past, to obtain any information you feel is necessary to administer my arrangements under the Scheme(s).

7.12 I note that deliberate or careless failure to answer any questions correctly and completely to the best of my knowledge and belief, may result in benefits not being payable.

7.13 I declare that I or any person acting on my behalf am not using any amount of tax-free cash sum that I have previously received from the Scheme or any other pension scheme in a way that would breach the recycling rule. However, I agree that, in the event of any contribution which does constitute a breach and consequently means the Scheme administrator becomes liable for a Scheme sanction charge and penalties and/or interest to HM Revenue and Customs (HMRC), I’ll be liable to pay to the Scheme administrator a sum equal to the amount of that Scheme sanction charge, any penalties and interest charged by HMRC and any interest charged by the Scheme administrator.

7.14 I’ve read the notes at the end of this form.

The information given in this form is needed for income tax purposes and may be inspected by the UK tax authorities. If I give false information, the tax authorities may prosecute me, which could lead to severe penalties.

Legal guardian

A legal guardian is the legal guardian of the applicant (in Scotland this must be a parent or someone with full parental rights). The legal guardian will be required to act for an applicant where: (1) the applicant is under 16 years of age; or (2) for any applicant who is under 18 and not employed unless the applicant resides in Scotland.
Application form notes

About me (section 1)
You must be under the age of 75 and a relevant UK individual to pay personal contributions to a Personal Pension plan with us. If you’re aged 75 or over and/or not a relevant UK individual, please contact a financial adviser to find out about alternative plans.

Your National Insurance (NI) number will appear on your payslip and/or on a tax code notice.

Only where the applicant is aged under 16 can you show the NI number as YY999999Y.

Contributions (section 4)
Complete this section of the form if you want to change or restart your contributions.

Please enter the total gross contributions to be made to the plan. These should include any increases you or your employer want to make. All personal contributions will be collected net of basic rate tax. We collect the tax relief from HMRC. Basic rate tax relief is currently 20%. So, if you contribute £80 a month, £100 will be invested automatically in your plan – that’s an additional £20 at no extra cost to you. Personal contributions include any contributions made on your behalf by a third party, other than your employer.

Where regular monthly contributions are to be made, the expected date of payment must not be later than the 28th of the month.

The maximum personal contribution that can be paid is the greater of the basic amount and your relevant UK earnings. Personal contributions currently being made to any other registered pension scheme will also have to be taken into account. The value of any tax relief depends on your individual circumstances.

Where your contributions have to be deducted from payroll and/or an employer contribution is going to be made, then it’s a requirement of the Pensions Regulator that your employer must complete and submit a Record of Payments Due (RPD) form to us. An RPD form is available from a financial adviser. If there's currently an RPD form in place and you're changing your contributions, a new RPD form will be required.

If your current contributions are set to increase automatically, this will apply to your new total contribution detailed in section 4. If you want to add an automatic increase or amend the current level, complete section 4.

For information about relevant UK individual, please read the definition on page 11.

Annual allowance
The government sets an upper limit, or annual allowance, on the amount that can be contributed into your pension plan each year without incurring a tax charge. The annual allowance is measured across all registered pension plans you may have. Please speak to a financial adviser for more information. The current annual allowance is £40,000. This may change in future years. For more information visit www.gov.uk/tax-on-your-private-pension

The amount that can be paid by or for you into money purchase arrangements without a tax charge arising may be restricted to the money purchase annual allowance, which for the 2019/20 tax year is £4,000. The restriction applies if you had a flexible drawdown plan at any time before 6 April 2015. It also applies if you take (or have already taken) certain types of pension benefit, including an uncrystallised funds pension lump sum or income from a flexi-access drawdown plan. If you think this may affect you, please contact a financial adviser. There may be a charge for this.

Tapered annual allowance
Since 6 April 2016 a tapered annual allowance applies to higher earners. If you have an adjusted income greater than £150,000, and your threshold income is greater than £110,000, then your annual allowance is reduced. For every £2 of adjusted income over £150,000, your annual allowance will be reduced by £1, subject to a remaining annual allowance of not less than £10,000. In other words, anyone subject to the taper whose adjusted income is £210,000 and over will have an annual allowance of £10,000. If you’re also subject to the money purchase annual allowance rules, special rules will apply. If you think you’re affected by this you should speak to a financial adviser.

This information is based on our understanding of current taxation law and HMRC practice, which may change.

Investment choice (section 5)
If you want to invest in the lifestyle investment funds, you must choose one lifestyle investment fund into which all contributions made to your plan will be invested. If you make a clear and complete investment choice, we’ll invest the contribution(s) in accordance with that choice. If you don’t make a clear and complete investment choice, we’ll invest the contribution(s) in accordance with our investment fund allocation procedure for that contract, a copy of which is available on request.

For advice as to whether a fund is suitable for you, please speak to your financial adviser.
Definitions

**Basic amount** – means the amount you can contribute and receive tax relief on in any tax year to all **registered pension schemes**, without having **relevant UK earnings** of more than the basic amount. The current basic amount is £3,600. This figure may change in future years.

**Life cover** – is designed to pay a lump sum to your family when you die or are diagnosed with a terminal illness. This can be used to help pay the inheritance tax that’s due on your estate or to give your family or business some financial help at a difficult time.

**Recycling rule** – is a rule in the Finance Act 2004 designed to stop people using all or part of a lump sum as a direct or indirect way of paying significantly greater pension contributions.

**Registered pension scheme** – is a pension scheme that’s registered with HMRC under Chapter 2, Part 4 of the Finance Act 2004.

**Relevant UK earnings** – are defined in section 189 of the Finance Act 2004 and includes:
- employment income, and
- income to which section 529 of the Income and Corporation Taxes Act 1988 (patent income of an individual in respect of inventions) applies. Income tax isn’t charged on relevant UK earnings if, according to arrangements under section 788 of the Income and Corporation Taxes Act 1988 (double taxation agreements), they aren’t taxable in the UK.

**Relevant UK individual** – is an individual who, in a tax year meets one of the following conditions:
- has **relevant UK earnings** that are income tax chargeable for that year;
- is resident in the UK at some time in that year;
- was resident in the UK at some time during the five tax years immediately before that year, and when they became a member of the pension scheme, or
- has general earnings from being employed by the Crown overseas that are subject to UK tax, or is the spouse or civil partner of someone who has these (as explained in section 28 of the Income Tax (Earnings and Pensions) Act 2003).

**Waiver of contribution** – if, in the future, you couldn’t work for more than six months because of a serious illness or accident, waiver cover would continue to pay the contributions into your pension plan (certain conditions apply). You can apply for waiver cover up to age 58.
